Andover, KS 67002

RESURFACING

Microdermabrasion Single Treatment

Manual exfoliation to remove the external buildup of dull, dead cells causing a dull appearance on the skin. Microdermabrasion improves the appearance of fine lines, reduces the depth of wrinkles, and promotes even skin tone. Includes up to 4 passes, treatment mask, hydrator and UV protection.

Service time: 30 minutes for \$60

Dermaplane Single Treatment

Manual exfoliation using a scalpel to gently abrade the skin to remove dead, dull skin cells and soft vellus hair covering the face. This treatment immediately rejuvenates the skin, minimizes the appearance of fine lines, wrinkles and acne scars leaving skin smooth, supple and vibrant. No downtime. Includes treatment mask, hydrator and UV protection.

Service time: 45 minutes for \$60

Dermaplane Deluxe

Upgrade treatment mask to hydrojelly mask (organic, algae masks infused with electrolytes) that calm, balance and moisturize the skin.

Service time: 60 minutes for \$85

Micro Peel

No downtime multiple purpose, antibacterial solution used to treat hyperpigmentation, acne and aging skin. Acid solution promotes removal of dead skin cells, releases acne impactions and boosts lightening agents applied topically to the skin to improve skin tone and texture.

Service time: 30 minutes for \$75

Chemical Peel + Post-Peel Facial

Four step chemical peel, formulated to improve the appearance of fine lines, acne, and blotchy pigmentation. For clients with sun damage, this peel stimulates new collagen and increases the level of hyaluronic acid in the dermis. This peel is safe for all ethnic skin types however, skin must be preconditioned. This peel is not for a first time guest.
